

THIRD REPORT ON RATE BILL

Three Members of the House
and Two Senators Will
Affix Signatures.

TILLMAN STILL KICKING

PASS PROVISION AS FINALLY
PATCHED UP.

Washington, June 28.—The conferees on the railroad rate bill formulated their third report today and it will be signed by Senators Elkins and Cullom and the three house conferees, Senator Tillman withholding his signature. The McLaurin commodity amendment was made to apply to "railroad companies" the word "companies" having been added to the previous agreement which changed the application from "common carriers" to "railroads in order to exempt pipe lines. The pass provision is redrafted along the lines of the amendment as passed by the senate. It prohibits broadly and generally the issuance of any free transportation for interstate passage, and then provides an excepted class, which is as follows:

The Excepted Ones.

"No common carrier subject to the provisions of this act shall, after Jan. 1, 1907, directly or indirectly issue or give any interstate free transportation for passengers except to its employees and their families, its officers, agents, surgeons, physicians and attorneys at law; to ministers of religion, traveling secretaries of Railroad Young Men's Christian association; inmates of hospitals and charitable and eleemosynary institutions; and persons exclusively engaged in charitable and eleemosynary work; to indigent, destitute and homeless persons, and to such persons when transported by charitable societies or hospitals, inmates of the national homes or state homes for disabled volunteer soldiers, and office holders and sailors' homes, including those about to enter and those returning home, after discharge, and boards of managers of such homes; to necessary caretakers of live stock, poultry and fruit; employees on sleeping cars, express cars and to line men of telegraph or telephone companies; to railway mail service employees, post-office inspectors, customs inspectors and immigrant inspectors; to newsboys on trains, baggage agents, witnesses attending any legal investigation in which the common carrier is interested; persons injured in wrecks and physicians and nurses attending such persons."

COMMISSION TO BE ISSUED

Rank of Lieutenant Conferred Upon
Harry A. Young, Killed in
the Philippines.

(Special to The Herald.)
Washington, June 28.—Senator Sutherland was today appointed a member of a special committee consisting of five senators and five representatives to examine the codification of the federal laws prepared by the statutory revision committee and submit recommendations to congress upon the subject.
The members of the special committee held a meeting today and outlined the work to be done during the summer recess and will hold further meetings here November next prior to the reassembling of congress.
Senator Smoot has held a conference with Forester Pinchott in relation to forest matters in Utah and as a result an order will be issued once restoring to settlement and entry all lands which have been withdrawn for forest reserve purposes in Utah and not created into permanent reserves. A small area will be excepted from this order, consisting of lands lying between the Spanish Fork and Salt Lake reserves, which will be covered into this reserve.
Representative Howell has obtained passage in the house of senate bills authorizing the president to create the Grand canyon game preserve; authorizing the secretary of the interior to grant land in Randlett township to the Episcopal church of Utah and authorizing the secretary of war to exchange certain lands in the Fort Douglas military reservation for lands belonging to Le Grande Young. Also of the house bill conferring the rank of lieutenant on Harry A. Young at the time of his death. A commission of lieutenant had been issued for Young but before it reached him he lost his life in an engagement in the Philippines.

SLUGGED WITH WOODEN LEG

Tommy Leever Meets With Misfortune While Trying to Separate Fighting Prisoners.

A gang of "bad men" were rounded up by the police yesterday and "vagged" at the police station. They had not been locked up very long before there were things doing. Tommy Leever went into the cage to quell the disturbance. On Wednesday Leever, who is the stockade guard, had one of the other prisoners put into the dungeon for not doing his share of work. This prisoner happened to be in with the tumbler and when Leever tried to separate them, he seized the guard and held him down while a one-legged man soaked him over the eye with his wooden leg. Leever's wound is an alarm for assistance and Officer Charles Layne rushed into the cage. Before he got out he had several fingers badly chewed by one of the prisoners. Leever sustained a bad cut over his right eye, where his head came in contact with the wooden peg and was otherwise badly used up.

Sues Feeny for \$540.

Mrs. Laura Read filed an action in the district court yesterday against Thomas Feeny, proprietor of the Oxford saloon, and John Lee, a bartender at the same place, to recover \$540. The suit is the outgrowth of the trouble two weeks ago, when C. H. Read, the woman's husband, left the sum of \$120 in care of Lee for safe keeping. Later another man called and got the money and disappeared. Plaintiff alleges that after Read had deposited the money with Lee he called for the same and payment was refused. The attorney's fees and other incidental expenses bring the amount up to \$540.

Ogden Briefs.

W. V. Cassidy, secretary to Assistant Superintendent H. J. Roth, returned from Raton, N. M., yesterday.

While riding along Lincoln avenue yesterday afternoon Sheriff G. A. Sebring had his horse fall from under him. The sheriff was pinned beneath the animal but was not badly injured.

R. J. Middleton and Job Warner have filed an injunction suit to restrain Joseph Helwell from closing up a certain drainage ditch running through his land from the Middleton irrigation ditch.

Official announcement has been made by the Short Line that trains Nos. 23 and 24 between Ogden and Montello, on the old line of the Southern Pacific, will be annulled commencing Sunday.

Mrs. N. A. Harris and daughter Esther returned yesterday from a six weeks' visit with relatives in Indiana. Miss Grace Harris remained in Chicago where she will take a summer course at the university.

H. V. Hilliker, superintendent of the Salt Lake division of the Short Line, and W. A. Whitney, former division superintendent of the Union Pacific, but now of Los Angeles, went east yesterday morning in Mr. Hilliker's special car. Mr. Whitney returned last evening.

HELD TO DISTRICT COURT

Trio of Counterfeiters Bound Over
in Oregon—Other Arrests Are
Probable.

(Special to The Herald.)
Boise, Ida., June 28.—At Huntington today C. K. Mills and Elmer and A. J. Turner were bound over on a charge of counterfeiting. The bond of Mills was fixed at \$1,000, and those of the others at \$250 each. Ball was not furnished, and the men were taken to Portland. Carl Eastman, son of Minnie Eastman, owner of the ranch where the outfit was found, was arrested today as an accomplice, and it is stated that three more arrests are to be made.

The confession made by Mills shows that Coon, the expert counterfeiter, and Elmer Turner were in the Salem prison together. There they concocted the plot and after they got out arranged with Mills and A. J. Turner for purchasing the plant. One part of the plant, a press weighing 300 pounds, was sent to Weiser and put in Mills' house. One night it disappeared, and it developed that Carl Eastman had come over, taken it out and hauled it to the ranch. It has not been found.

BOY SHOOT MAN TWICE

Eddie Kelly, Aged 9, Fires Two Bullets Into John Vanderveen Without Serious Injury.

John Vanderveen, residing at Thirty-third street and Grant avenue, was shot twice in the back yesterday afternoon by a 9-year-old boy, Eddie Kelly. Vanderveen was walking along south Washington avenue when the boy walked up behind him and shoving a small 22-calibre revolver against his back fired two shots. Vanderveen hastened to the office of Dr. Ezra Rich, where the two leaden missiles were taken from the fleshy part of Vanderveen's back, just to the right of his spine.

LINE COMPLETE TO CANYON

Rapid Transit Company Almost
Ready for Operation.

The line of the Ogden Rapid Transit company to the mouth of the Ogden canyon was completed yesterday, but the service will not be inaugurated until perhaps Sunday. It is expected that a five-cent car fare will be charged from the city to the canyon. The original intention was to make a ten-cent fare, but some objections to this have been made. The city franchise prevents this if the line is operated under the name of the Ogden Rapid Transit company, but this difficulty could be overcome by operating the line from Glenwood park to the mouth of the canyon as a part of the Utah & Idaho line.

Struck by an Auto.

An automobile driven by E. Elman collided with a buggy on Twenty-sixth street yesterday, completely demolishing the latter. Miss Ruby Terry of Marriotts was in the buggy at the time and was thrown a considerable distance. She was not seriously injured. The failure of the steering gear was probably the cause of the accident.

Fruit Exhibit for Boise.

County Fruit Tree Inspector R. E. Wilson will ask the board of county commissioners at their next meeting to authorize a fruit exhibit from this county for the national irrigation congress at Boise, Sept. 3 to 8.

GIVEN LEAVE TO PRINT.

Washington, June 28.—Once more the house has agreed to the railroad rate conference report. This action came just after the legislative day of seven hours merged into the evening session of general debate. The members were tired and hungry and good natured, but persistent applause cut short the formal efforts of several members, and a "general leave to print" satisfied every one who wished to set forth his position on the measure.

But one negative vote was heard in the viva voce vote taken. Mr. Sherman of New York penetrated the applause which had stopped other members with a few sentences. The conferees, he said, had not been scared by the lurid pictures of the octopus hanging over them, nor by the vision of brands upon their brows.

Mr. Gaines of Tennessee, Mr. Gillespie of Texas, Mr. Curtis of Kansas and Mr. Driscoll of New York were applauded so liberally when they endeavored to speak that their words were lost and the report was declared adopted while the applause continued.
